

Maintain-A-Contour Electrode Dresser

seedorffacme.com

Electrodes Dressed To Any Radius Without Removal From Welder

In certified resistance welding and where clean, strong welds are necessary on a production basis the Maintain-A-Contour Dresser pays big dividends. Its use not only assures consistent quality welds in aircraft metals but saves valuable production time in all dressing operations.

The Maintain-A-Contour Dresser is supplied with a spool of 240 grit cloth, and one set (of 2 per set) precision ground contour plates. Specify the size radius (2" - 3" - 4" - 6" - 8" - 10") plates required.

Plates with special radii are available on request. The abrasive cloth is standard 2" width.
